## **SENECA PARK ZOO AWARDED SEAWAY TRAIL DISTINCTION**

Monroe County Executive Maggie Brooks and Theresa Mitchell, Seaway Trail Executive Director, along with a list of other dignitaries, announced the addition of the Seneca Park Zoo to the list of Seaway Trail tourism destinations.

Brooks said "It's is an honor to be selected to become part of such a historic trail. This distinction proves the value of Seneca Park Zoo to this community and to tourism and economic development".

Seneca Park Zoo was nominated because of its natural heritage and received an interpretive sign funded by the Federal Highway Administration. This sign is displayed in the flowerbed outside of the main entrance to the zoo.
